## Avenue F2

Decorative post-top lantern with 18 LEDs driven at 700mA and a symmetric optic with minimum upward light.. Class I electrical, IP66, IK08. Base and arms: die-cast aluminium (EN AC-46000), Canopy: spun aluminium, texturized anthracite (close to RAL7043). Diffuser: clear polycarbonate. Screw fixings: stainless steel. Equipped with cable gland. Surge protection: 10kV single pulse common mode and 8kV multipulse common mode and 6kV multipulse differential mode. If permanent DALI system is connected, 6kV multipulse common and differential mode. Complete with 3000K LED

Post top mounting to a Ø60mm column, spigot internal length 100mm.

Dimensions: Ø700/720 x 500 mm

Luminaire input power: 40 W

Weight: 9 kg

Scx: 0.17 m<sup>2</sup>

Luminaire efficacy: 121 lm/W

All values marked with an \* are rated values. Thorn uses tried and tested components from leading suppliers, however there may be isolated instances of technology-related failures of individual LEDs during the rated product lifetime. International standards set the tolerance in initial flux and connected load at ±10%. Unless stated otherwise, the values apply to an ambient temperature of 25°C.

Thorn Lighting is constantly developing and improving its products. The right is reserved to change specifications without prior notification or public announcement.
